WERE YOU RAISED AROUND SAWDUST? WE WERE.

Not only have we been working with wood in some capacity for our entire lives, many of us learned the skill from past generations. We also live in a community of craftsmen, with whom we can compare techniques and experiences. We don’t just make your furniture because we need a job. We make furniture for you because this is what we love to do.

Our shop is in rural Missouri, not far from a well-known Missouri State Park, Bennett Springs, famous for its trout fishing. We encourage you to visit our shop, where your furniture is made, as well as our new showroom next door. We may be a bit out of the way, but the quality, durability, and one-of-a-kind nature of our creations is what brings people to us. Plan a visit, stay for a totally home-cooked lunch, view local quilts, and buy some fresh produce along the way. There are no Sunday sales in the area, but guests are welcome any other day! We are located on Highway E, just down the road from Tunas, Missouri. If you get confused, just stop and ask any other business in the area that you’ve driven by; we truly are a community here.

Special Note from Lake Area Chamber Board of Director—Danna Kahrs

Hello, my name is Danna Kahrs. I am currently the Vice President of the Lake Area Chamber and have been on the Chamber Board for the past ten years. Serving the Chamber has been a wonderful experience that I value very much.

I am currently the Chair of the Nominating Committee, which is active this time of year gathering candidates for the next Chamber Board elections in September. We have a committee of three current Board members and two Chamber members that collect the nominations and provide the paperwork to each potential candidate for their review and completion. Once the slate is set, it is brought to the Chamber Board in the August meeting for final approval and then the ballots are sent to the general membership for vote. We elect five Board members each year and the newly elected Board members are announced at the September Board meeting and then presented to the general membership at the Fall Dinner.

I have seen the Chamber go through many changes in the past ten years, and am very pleased with the progress we have made.

My husband Pete and daughter Elizabeth are very supportive of my role in the Chamber and my daughter has been a willing volunteer helping me, over the years. We have lived in the Lake area our whole lives, where I have been the general manager of Sycamore Creek Golf Club since it opened eighteen years ago.

Whether it's hemming jeans, tailoring a suit, or making sure your wedding gown fits to perfection, you'll love the way you look after visiting ...
